

Many businesses that utilize forklifts, use propane powered forklifts. Propane is the preferred fuel of forklift operators. It's safe, powerful, reliable, cost-effective, and clean. Forklifts powered by propane give you lower maintenance costs with fewer engine deposits, longer engine life, and a higher octane rating than gasoline. Propane forklifts are the perfect accessory to a cost effective, environmentally friendly, and safe establishment.

Mount Perry Propane provides propane forklift tank services to companies large and small for industrial and commercial purposes. Our propane forklift service includes delivery of high-quality engine grade propane. Our propane forklift service will tailor your delivery schedule to meet the changing demand of your business – ensuring your forklifts are always operating. Mount Perry's flexible on site cylinder filling service allows us to fill any size cylinder at your location. Whether you choose tank exchange or on-site filling, Mount Perry Propane can supply all the propane to power your business!

Advanced Heating & Cooling is not just a dealership. We are Trane Comfort Specialists.

We have been a Trane Comfort Specialist dealer since 2002 placing special emphasis on service, workmanship and dedication to customer satisfaction. We will take great pride in customizing a system for you that will create the most comfortable living space you've ever experienced, with air that's clean, healthy, refreshing and conditioned.

The Trane systems installed by Advanced Heating & Cooling represent the leading edge of comfort technology, and years of research in the heating, cooling and movement of air. Every component we sell is constructed to exacting standards, using premium materials, and tested to make sure it lives up to Trane's standards. And to ours.

Our technicians have professional training that is unrivaled in the industry, and are backed by a Trane support network that shares our dedication to your complete satisfaction.

Our ongoing commitment to excellence is shown by the fact that we consistently score 90% or greater in customer satisfaction, and maintain a customer referral rate of at least 85%.

We are Trane Comfort Specialists because we don't settle.

We offer customers great value in the systems we install and the service we provide.

We are proud of our work, our reputation, and the satisfaction of our customers.

We look forward to exceeding your expectations.

A new high-efficiency Trane system can introduce you to a new level of comfort, while helping you lower your energy costs.

ABOUT US

Founded in 1936, the Zanesville Museum of Art features 18 galleries that display a rich selection of the museum's permanent collection of American and European art including pieces by Bierstadt, Cassatt, Toulouse-Lautrec, Renoir, Picasso, and Matisse, among others. Zanesville was known as "the pottery capital of the world" in the early 20th century, and the museum celebrates this legacy by featuring a dynamic selection of art pottery from Weller, Roseville, Owens and other notable regional pottery manufacturers.
